Sport Systems Unlimited Corp.

The Municipal Unitary Enterprise "Minsk City Executive Committee Capital Construction Bureau" in the person of the Enterprise Director Gal Andrey Vladimirovich would like to thank Sport Systems Unlimited Corp. for design, delivery, and installation of the hockey board system in the multipurpose culture and sports complex Minsk-Arena.

The hockey boards CrystaPlex® 6A Series with seamless glass and SoftCap™ caprail system installed in the sports complex meet the highest requirements and give certain benefits in comparison with similar equipment offered by other companies.

Sport Systems Unlimited Corp. boards made from high-strength materials using state-of-arts technologies have mounting system allowing for simple and fast assembly and disassembly. The equipment is suitable for use both in arenas for elite levels of professional hockey and other cultural events such as concerts and ice shows.

We would like to express our appreciation of Sport Systems Unlimited Corp. staff for their professionalism and innovative approach to hockey equipment design and installation.

Cultural events held at the Minsk Arena complex confirmed the hockey board operation reliability.

The Municipal Unitary Enterprise "Minsk City Executive Committee Capital Construction Bureau" confirms Sport Systems Unlimited Corp. professionalism and recommends the company as a reliable partner and hockey board supplier.

Sincerely,

Director (signature)

A.V. Gal
